

CHILDREN'S CLASSES

Educating OUR *Children*

HELP RAISE THE NEXT GENERATION

Bahá'í classes and activities for children are raising a new generation of spiritually vibrant young people with the potential to grow up free from prejudice. Children learn that they are important to God and that they have a critical role to play in serving humanity and bettering the world.

Through music, stories, art, games, drama and community service children learn about spiritual qualities, such as truthfulness, humility and justice, that will shape their lives and guide their choices.

*“O God! Educate these children...
Let the Sun of Reality shine upon
them with Thy love.”* -BAHÁ'Í WRITINGS

Help the next generation grow up free from prejudice and give them the tools they need to build a better world. To learn more please contact:
